Fellow Ugandans in the Diaspora,

This is to remind those of you who bought homes in the USA during the last four to five years and are facing financial hardship, that there is help to all home owners who would like to keep their homes. Please contact your respective lenders. They are ready to listen to you.

New account opening in Ugandan banks is made easy for those who cannot travel to Uganda.

Find out how you can own a piece of land or home in Uganda stress free while still living in the Diaspora.

Or want to take advantage of the current Tax Credit here in the US by buying Bank- Foreclosed Homes at unbeatable prices.

I am now affiliated to Re/Max Results Real Estate.

Happy Holidays and a prosperous New Year
